

## Industrial Sorbents Cont.

### Slikwik SOCs™

SPC offers a wide array of SOCs, the dependable, flexible tubes that contain and absorb liquids. Contributing to cleaner and safer work environments, SOCs mold around corners and conform to uneven surfaces to prevent and soak up spills and drips. These products are available in a variety of types and sizes, so the one you choose will be just right for your application. SOCs are an everyday working tool for major industries, including chemical plants, heavy and light manufacturing, transportation, printing, and public utilities. **They include:**
