Heat Resistant Gloves

CharGuard™ Heat Resistant Gloves

The CharGuard™ with a comfortable non-woven liner is designed to provide flexibility and fit. CharGuard's™ black color extends its wearable life as it doesn't show dirt and grime easily. CharGuard™ is designed to withstand heat exposure and multiple washings while maintaining superior tactile dexterity. Some recommended CG applications are: hot castings for intermittent heat, lab sampling with hot glassware or moldings, plastic molding manufacturing, plant maintenance controls up to 500° Fahrenheit, food processing and service. The CharGuard™ was designed and is manufactured in the USA.
