### Dual and Clean Agent Fire Suppression

Combines the effectiveness of FE-227 extinguishing gas with ABC Powder to protect against rekindled flare-ups in a compact, self-contained unit.

- Ideal for electronics rooms, file storage, control rooms, temporary locations
- Use in remote locations where water is not available
- Use where water suppression would damage sensitive equipment
- Non-corrosive to electronics
- Safe for occupied spaces
- Easy installation, just four screws to hang
- Minimal maintenance
- Protects up to 800 cubic feet (example 8' x 8' x 12')
- Approved by FM Approvals
- Rated for Class A, B, C Fires

#### Automatic Pre-Engineered Dual Agent Fire Suppression System - Model CF-800

Part No.	Vendor No.	Weight	Price /Ea
0458991	CFF-800	29 lbs	\$1,649.03

Self-contained automatic unit using Dupont's FE-227 Halon-replacement extinguishing gas which leaves no residue after discharge.

- Ideal for highly sensitive electronics or where powder clean up is undesirable
- Use in remote locations where water is not available
- Use where water suppression would damage sensitive equipment
- Safe for occupied spaces
- Easy installation, just four screws to hang
- Minimal maintenance
- Protects up to 400 cubic feet
- Rated for Class B, C Fires

#### Automatic Pre-Engineered Clean Agent Fire Suppression System - Model CFCA400

Part No.	Vendor No.	Weight	Price /Ea
0458992	CFCA400	22 lbs	\$1,659.38

Self-contained automatic unit using only ABC general purpose extinguishing powder.

- Economical alternative for general purpose areas
- Use in remote locations where water is not available
- Use in temporary locations, easy to install and move
- Safe for occupied spaces
- Protects larger spaces at lower cost than gas units
- Minimal Maintenance
- Protects up to 1300 cubic feet
- Rated for Class A, B, C Fires

#### Automatic Pre-Engineered ABC Powder Fire Suppression System - Model ASP-20

Part No.	Vendor No.	Weight	Price /Ea
0458993	ASP-20	21 lbs	\$906.70

### Dual Agent and Powder Fire Suppression Systems

Combines the effectiveness of Halon extinguishing gas with ABC Powder to protect up to 2700 cubic feet with a single self-contained ceiling mounted unit.

- Ideal for electronics rooms, file storage, control rooms, temporary locations
- Use in remote locations where water is available

- Use where water suppression would damage sensitive equipment
- Non-corrosive to electronics
- Not suitable for occupied spaces
- Easy installation, just four screws to hang
- Minimal maintenance
- Rated for Class A, B, C Fires
- Protects up to 2700 cubic feet

#### Automatic Pre-Engineered Dual Agent Halon Fire Suppression System - Model CFB-3000

Part No.	Vendor No.	Weight	Price /Ea
0458994	CFB-3000	48 lbs	\$3,840.00
