Auto-Spring Rewind Reel Cords

These reels are ideal for a wide variety of industrial applications and can be mounted on the wall or ceiling or under a work bench. Reels are available with your choice of end effectors: single or dual receptacles, and incandescent or fluorescent handlamps with cord lengths from 25 feet to 70 feet. All reels include an adjustable cord stop, automatic spring rewind, a multi-position cord guide with four rollers and four foot long supply cord with a grounded plug. Reels are supplied with a ratchet locking device which will maintain a desired length of cord: operator pulls from reel to engage lock, after task is completed a slight pull of the cord will disengage lock allowing cord to be retracted onto the reel. Maximum installation height is 16 feet.

Reel Features:

- Heavy steel construction with durable baked-on powder-coated polyester finish
- Electrical slip-ring assemblies with copper-graphite brushes and electrolytic copper rings
- Non-conductive, hi-impact thermoplastic slip-ring housing
- On-off switch on both fluorescent and incandescent handlamps
- Fluorescent handlamp has directed light, polycarbonate tube cover and integral ballast
