

Welding Helmets Cont.

Jackson Safety HSL100 Welding Helmet with NexGen Auto Darkening Lens

- Narrow shell design is perfect for work in tight spaces and weighs only 13.8 ounces
- Extended front increases throat protection against sparks, slag and fumes
- 3N1 Technology allows three modes of operation: Weld (shades 9-13), Grind(3) or Torch(5)
- Soft touch panel eliminates contaminants and protects from outside environment
- Standard size outer cover plate, 9 square inches of viewing area and four sensors
- Amber view provides greater visibility of the weld with less eye strain
- Sensitivity and delay adjustments
- Four independent sensors
- Uses 2 lithium batteries with low battery indicator
