

## Faceshields and Frames

AN MCR SAFETY BRAND

### Headgear Bracket

- 5 system cam lock for added impact resistance
- Accepts most manufacturers' hard hat and universally punched windows
- Aluminum Material
- Polycarbonate Material - Dielectric
- Meets or Exceeds ANSI Z87.1 safety standard

### Uvex Bionic® Shield

- Enhanced protection from airborne debris
- Excellent optics and increased visibility
- Easily replaceable visor with dual position choices
- Secure visor attachment
- Lightweight and balanced, ergonomic design for extended use
- Comfortable cell foam on back of headgear
- Breathable, removable, washable headband
- Black matte finish
- Comfortably worn with most goggles and respirators
- Faceshield offers secondary protection and must be worn with spectacles or goggles
- Passes ANSI Z87+ and CSA Z94.3 standards

## Respirators

### 3M™ Particulate Respirator 8511, N95

The 3M 8511 Respirator is uniquely designed to help provide comfortable, reliable worker protection. With the Cool Flow exhalation valve, you can wear it in hot or humid environments.

- Adjustable M-noseclip helps provide workers with a custom fit and reduces the potential for eyewear fogging
- Braided headband provides both comfort and durability for the worker
- The patented filter media features advanced electric charged microfibers for easier, cooler breathing and enhanced wearer comfort
- Its one-way 3M™ Cool Flow™ Exhalation Valve offers easy exhalation and cool, dry comfort in hot or humid environments.
- Specifications: NIOSH 42 CFR 84, N95 (TC-84A-1299)

### 3M™ Particulate Respirator 8210, N95

The traditional 3M Particulate Respirator 8210, N95 is the industry standard with features to fit your customer's needs.

- NIOSH approved N95 respirator provides 95% filtration efficiency against solid and liquid aerosols that do not contain oil
- Adjustable noseclip helps create a custom fit, secure seal, and reduces eyewear fogging potential
- Lightweight construction promotes greater worker comfort that can contribute to increased wear time.
- Specifications: NIOSH 42 CFR 84, N95 (TC-84A-0007)

### 3M™ Particulate Respirator 9211/77022 (AAD), N95

3M's Particulate Respirator 9211 has comfort, style, and fit. It is convenient, comfortable, and conformable to a wide range of face sizes.

- NIOSH approved and provides a minimum 95% filtration efficiency against solid and liquid aerosols that do not contain oil
- It conforms to a wide range of face sizes and offers convenient storage and portability prior to use
- Individual packaging helps prevent contamination during storage and allows for easy dispensing
- Its lightweight, collapse-resistant design promotes greater worker comfort and can contribute to increased wear time.
- Specifications for PN 1003615: NIOSH 42 CFR 84, N95 (TC-84A-2669)
- Specifications for PN: 1003616: NIOSH 42 CFR 84, N95 (TC-84A-2668)

### 3M™ Particulate Respirator N95

For grinding, bagging, sanding, sweeping, buffing, cement, poultry, textile, lime and other dusty/hot operations.

- Recommended for aluminum industry and nuisance level acid gas relief
- Lightweight construction promotes greater worker comfort
- Adjustable noseclip provides a custom fit, secure seal, and reduces the potential for eyewear fogging
- All filter design provides economical protection, promotes easier communication, and has a flame resistant outer shell.
- Specifications:
  - 1001938 - NIOSH 42 CFR 84, P95 (TC-84A-1166)
  - 1006473 - NIOSH 42 CFR 84, N95 (TC-84A-3981)
  - 1001932 - NIOSH 42 CFR 84, N95 (TC-84A-0007)
