

Industrial Sorbents Cont.

The Ultimate Absorbent For All Spill Situations

STAR DUST Spill Products™ provides the full range of goods needed for Spill Containment, Spill Control, and Spill Cleanup. Our high performance, environmentally friendly products provide offer a number of performance breakthroughs with documented savings, fully living up to our trademarked motto, "Seeing Is Believing™". Powerful, Safe, Green—from our flagship product, STAR DUST Super Absorbent™, to our water based cleaner/degreaser STARPOWER, to our world standard setting spill containment items, to our newest innovation, STAR DUST EcoChoice™ Natural Sorbents—allow our goods to solve a wide range of spill issues for you while protecting the environment.

Safety Cans

Metal Type I Safety Cans

Eagle Type I Safety Cans, for the safe handling, dispensing and storing of flammable and combustible liquids, feature a deep-draw, 24-gauge galvanized steel body, a self-closing spring loaded cap which provides tight closure and automatic pressure relief and a non-sparking pour spout and flame arrestor. UL, ULC and FM Approved. Optional HDPE pour funnel (Part #1022278) fits unleaded fuel tanks. An "F" in the vendor number denotes that a Funnel is included with the Can.

Metal Type II Safety Cans

Eagle's Type II Safety Cans feature the same quality construction as the Type I Safety Cans with two openings; a self-closing and a spring loaded dispensing valve for safer, more controlled dispensing of flammable liquids through a flexible metal spout. Spout is 1" O.D. Meet OSHA 20 CFR 1910.106, 1925.152 and NFPA Code 30. UL, ULC and FM Approved.

Color: Red

Safety Plunger and Bench Cans

Eagle Plunger Cans are ideal for cleaning with flammable or volatile fluids. Available in galvanized steel and high density polyethylene for more aggressive solvents. Both feature brass pump assemblies and flame arrestor. FM and OSHA approved.

Safety Bench Cans for safer cleaning of small parts or swabbing of larger ones. Dasher screen acts as a fire baffle. FM and OSHA approved.

Polyethylene Oily Waste Cans

Eagle's Oily Waste Cans are for disposal of solvent and oily waste rags and other material subject to spontaneous combustion. Constructed of durable, chemical resistant high density polyethylene. Feature a self-closing lid with foot lever for hands free operation. FM approved. Meet OSHA 29 CFR 1910.108 and 1910.106.

Lighting

Double/Quad Flash

- Includes jumper setting to select between double and quad flash modes, and a day night sensor
- Quad Mode: Day 18 joules, Night 12 joules, Night 8 joules
- Rugged, die-cast aluminum base for vibration resistance and head dissipating
- 1 1/2 turn Xenon flash tube plugs in, making replacement quick and easy
- Voltage: 12-48 volt systems
- Meets SAE J578 June 95 and SAE J1318 May 98 specifications
- 24-month warranty
- 65 flashes per minute, 29 double/42 quad watts
- 3.7 amps

Part No.	Model No.	Color	Watts	Height	Price
Height 4.6"					
1008940	4242A	Amber	33	4.6"	---
Height 6.2"

Strobe 3318 Strobe Single Flash

- 1.8" long flash tube snaps in, making replacement quick and easy
- Twist-on lens with sealed o-ring for easy flash tube replacement
- Rugged, ABS plastic base for vibration resistance
- Fully encapsulated circuit board
- Voltage: 12-110 volt systems / 1.5 joules
- Meets SAE J578 June 95 and SAE JAE J1318 May 98 standards
- 24-month warranty
- 80 flashes per minute, 3 watts
