The Waterloo® websites are a useful tool for communicating the very latest and most complete information on Waterloo tool storage products. This printed catalog provides a great overview with key specifications on the Waterloo product line, however, be sure to visit our websites for the most up-to-date product information and detailed specifications available.

WATERLOO® LIMITED WARRANTY

Waterloo® products have been manufactured to the highest standards of quality and workmanship. Waterloo Industries, Inc. warrants its Waterloo® brand products to be free from defects in materials and workmanship under normal use for the following periods from original date of purchase:

**Magnum®
Tool Storage
and Facility
Storage**

**Traxx® and
TR-Series**

**ProMaxx,
Pro Series,
Tool Room Series,
Specialty Products,
Workbenches**

**Shop Series,
Portables
and all other
products for
home use**

If any product is found to be defective in material or workmanship during normal use within the applicable warranty period, your exclusive remedy is replacement of the defective product or parts. This warranty does not cover products that are damaged through any misuse, abuse, accident, neglect, modification or mishandling. Waterloo Industries, Inc. will not be responsible for any losses, injuries or costs of any nature, including indirect, incidental or consequential damages relating to this product, including transportation charges. Except as provided by law, this warranty is in lieu of and excludes all other warranties, conditions and guarantees, whether expressed or implied, statutory or otherwise, including without restriction those of merchantability or fitness for a particular purpose.

Some states, provinces and nations do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state, province to province, nation to nation. Waterloo Industries, Inc. will advise you of the procedure to follow in making warranty claims.

(Warranties do not cover units that are mounted or used in moving vehicles.)

CHEST & ROLLER CABINET QUICK GUIDE

MAGNUM®

Built specifically for rugged work environments where maximum strength, security, organization and mobility are demanded by professional automotive and industrial mechanics and technicians.

Combined with a lifetime warranty, these tool boxes provide you with the quality and features you need and a brand name you can trust. These units can be used in combination or the carts alone make ideal maintenance carts.

KEY BENEFITS

- Roll-cage construction provides a solid framework reinforcing the unit for years of quality performance.
- Pop-out twist-turn locking mechanism has high security tubular lock.
- Posi-Latch™ System provides a secure latch for each drawer and reduces accidental opening.
- Industrial quality gas struts allow for easy opening and closing of chest lid.
- A full-length cover stiffener with emboss on lid provides extra rigidity.
- Extra heavy-duty ball-bearing slides hold up to 200 lbs. to bear the heaviest load.
- 6 x 2-inch (152 x 51mm) casters and 14-gauge caster support channels for load capacity up to 3,600 lbs.
- Hang-on side locker provides bulk storage area to hold large tools and equipment.
- All units come with non-slip drawer liners and drawer dividers to help protect your tools and drawer surfaces while keeping them organized.

For as long as the original purchaser owns the product.

Professional grade chests and cabinets designed for work environments where solid construction and a wide range of features, including ball-bearing drawer slides and drawer liners, are required.

Backed with a 7-year warranty means that you can load your tool box with confidence.

KEY BENEFITS

- Sidewall-post construction provides extra rigidity for handling large loads.
- Posi-Latch™ System provides a secure latch for each drawer and reduces accidental opening.
- Full-extension, ball-bearing drawer slides for complete tool access with a load rating at 75 lbs.
- Positive-stop side handles on all chests enable easy lifting and moving.
- An internal keyed locking system secures all drawers and compartments so tools will stay safe.
- Polished drawer trim adds to the overall appearance of the units.
- Solid 5 x 2-inch (127 x 51mm) casters and caster support channels allow for a load capacity up to 1,200 lbs.
- All units come with non-slip drawer liners to help protect your tools and drawer surfaces.

TRAXX® TR-SERIES

Chests and cabinets designed for professionals where solid construction and a wide-range of features, including ball-bearing drawer slides are required.

These cabinets are ideal for daily usage where there is a need for storage and security at an affordable price.

KEY BENEFITS

- Sidewall-post construction provides extra rigidity for handling large loads.
- In-slide drawer detent system.
- Full-extension ball-bearing slides allow drawers to operate smoothly when loaded and hold up to 75 lbs. per drawer.
- An internal keyed locking system provides security of valuable tools.
- A tote tray in TR61807/BK/BU provides a means for carrying commonly used tools to an alternate worksite.
- Handbook divider and organizer tray in bottom 4" chest drawer provide extra storage and organization.
- Tubular side handle makes moving the cabinets easier.
- Sturdy 5 x 2-inch (127 x 51mm) casters hold up to 1,200 lbs. and make moving the cabinets easier.

Applies to TR-Series
for 7 years.

SHOP SERIES

These cabinets offer a great selection of sizes and drawer configurations to meet your utility, storage and mobility needs.

Reinforced sidewall construction, external lock bar and keyed locks combined with quality casters provide an exceptional value at an economical price.

KEY BENEFITS

- Smooth-action, full-extension drawer slides provide complete access to the drawer.
- Full-width drawer pulls provide ability to open drawers from any angle.
- External lock bar with a keyed lock provides visible proof of security.
- The bulk storage area in various cabinets can be used to store oversized tools.
- Sturdy 4 x 2-inch (102 x 51mm) casters for mobility around the shop (ML-314 has 3-inch casters).

WORK CENTERS

Perfect for on-site projects that require large workspaces, storage and easy mobility.

Our innovative features are perfect for countless projects, big or small. Large workspaces with built-in storage, bumper guards, backwall lighting, and built-in power strips for recharging power tools are just a few of the features we have incorporated into the work centers.

KEY BENEFITS

PROMAXX SERIES

- Tri-channel construction for handling heavier loads.
- Drawers are equipped with full-extension, ball-bearing slides.
- Mounted power outlet strips.
- Built-in battery charger dock helps with cord management.
- Smooth-rolling 4.5 x 1.5-inch (114 x 38 mm) casters allow easy maneuvering.

Applies to ProMaxx Series for 5 years.

SHOP SERIES

- Roll-formed, full-extension drawer slides.
- Pegboard sides and hooks are perfect for hanging tools and cords within reach.
- Smooth-rolling 4 x 2-inch (102 x 51 mm) casters allow easy maneuvering.

Applies to Shop Series for 1 years.

SPECIALTY

Waterloo® Tool Storage Specialty Products include a variety of professional-grade tool storage for specialized needs.

Utility carts make it easy to transport all of your tools to any work site, while still providing a useful work surface.

KEY BENEFITS

- Road boxes are designed for extreme usage by providing an extra heavy-duty shell, extra durable slides and weather resistant paint.
- Road boxes also have a reinforced drop-front security panel with gasket closure to protect tools from weather and theft.
- Mobile utility carts bring convenience to the job by allowing the user to move large loads of tools and supplies from storage to the work area.
- Utility carts also have keyed lockable drawers to protect tools from theft (UC100 not included).

MAGNUM[®] FACILITY

With up to 4-tons of capacity, Magnum[®] Facility Storage is the ultimate work station and storage solution. It's built to be the strongest and leanest in the industry. The units are tough enough to last in any environment.

KEY BENEFITS

- Adjustable, heavy-duty interior shelves can be tilted to allow easy access to bins or supplies.
- Heavy-duty metal workbench with 8,000 lb. capacity.
- Floor cabinets hold up to 800 lbs. per shelf.
- Wall cabinets hold up to 300 lbs. per shelf.
- Power outlet and light strip come standard on workbench backwall.
- Industrial gray, rust-resistant powder coat exterior blends in with most environments.
- System attachment holes allow you to easily mount units together.
- Hasp and staple lock are customized to your security needs.
- Leveling feet on floor cabinet and workbench.
- 1.5-inch thick sealed MDF top with T-molding edge band.
- Floor and wall units come assembled (minor finishing work required).

For as long as the original purchaser owns the product.

FEATURES

Adjustable Shelves

PLASTIC PORTABLES

Extra heavy-duty plastic tool boxes are offered in many shapes and sizes to fit most needs. These portables are molded with heavy duty, high impact polypropylene resins that will not dent, rust or mar most surfaces.

KEY BENEFITS

- A popular alternative to traditional steel tool boxes in almost all applications.
- Molded-in color with heavy-duty high-impact polypropylene resins.
- Plastic portables will not dent, rust or mar other surfaces.
- All plastic portables have flush tops for convenient stacking and storing.
- Sure-grip handle in tote trays prevent tote from accidentally rotating in your hand.
- Light-weight and convenient for transporting tools anywhere.
- All models are lockable except HP1331. (Locks not included)

Applies to all Plastic Portables for 1 year.
