

FASTENAL[®]

Your One-Stop Winter Storm Preparedness Source

The bad news: Every year Americans can count on winter storms to bring damaging winds, extreme cold, heavy snowfall, and/or freezing rain. The good news: They can also count on Fastenal to help them get ready. With hundreds of thousands of in-stock products and more than 2,200 stores nationwide – from the Eastern seaboard to Alaska – we're America's one-stop winter storm preparedness source.

Winter Storm Preparedness Basics

- Insulate water pipes.
- Use rock salt/sand on walkways, parking lots, etc.
- Winterize company vehicles.
- Add rock salt, sand, snow shovels, blankets, and warm clothing to your disaster supplies kit.

When the storm hits...

- Encourage employees to stay indoors – 70% of ice/snow-related winter deaths occur in automobiles.
- Monitor radio/TV for weather reports and emergency information.
- Employees should eat and drink regularly (avoiding alcohol and caffeine) and dress in layers of loose-fitting, lightweight, warm clothing.
- If using a generator, make sure to follow directions. If using kerosene heaters, make sure to maintain proper ventilation.

After it passes...

- Check pipes for leaks and floors for spills.
- Make sure traffic areas are free of ice.
- Avoid overexertion – heart attacks from shoveling snow are a leading cause of death during winter.

FASTENAL®

Your One-Stop Preparedness Source

Tools & Equipment

- Two-Way Radios
- Generators
- Portable Heaters
- Jumper Cables
- Extension Cords
- Tire Chains

Essential Accessories

- Batteries
- Flashlights
- Utility Knives
