

Fastenal's A2LA Accredited Lab offers the highest quality calibration and repair services for most precision measuring devices including:

- Outside Micrometers
- Calipers
- Set Plugs
- Pin Gages
- Steel Rules
- Torque Tools
- Screw Thread Micrometers
- Height Gages
- Threaded Rings
- Kerf Gages
- Thickness Gages
- Depth Micrometers
- Indicators
- Working Plugs
- Bore Gages
- Tape Measures

Fastenal's A2LA Accredited Calibration Lab manages over 23,000 measuring devices internally across the globe for our manufacturing centers, testing labs and numerous store locations. Fastenal fully understands the importance of proper calibration and traceability, and has the experience necessary to meet these demands. With over 65 years of combined calibration experience, maintenance and management, they can ensure precision calibration on the above items.

Fastenal Calibration Services has the experience in facilitating calibration and repair programs. One of the best ways to help your business manage the calibration schedules is through our FAST Solutions® Vending systems. If your business has a need to help track calibration schedules, Fastenal's FAST Solutions® Locker System can help you track your devices calibration needs, by either a number of uses and/or by a duration of time. With Fastenal's Locker System, Precision Measuring Devices are logged when they are put into their locker space at which point the tracking of number of uses is measured by each time the devices is checked in and checked out, as well as the duration of time is measured until the next time the device is sent out for calibration and logged back into the system.

Otherwise Fastenal can work off of a tote system, placing an easily identifiable tote within your facility, and in as many drop off locations as necessary to ensure we are cutting out unnecessary steps for your employees.

The Process is Simple:

- 1) Measuring Devices are collected through scheduled or routine pick up days. Multiple pick up locations may be established within the facility and devices may be collected utilizing Fastenal's Tote System or utilizing our FAST Solutions® Locker Systems
- 2) Devices are shipped to our A2LA Accredited Calibration Lab via Fastenal's Distribution Network.
- 3) If no repairs are needed, devices are calibrated.
- 4) If repairs are needed, repairs are estimated or fixed in compliance with your specific program, and then calibrated.
- 5) Devices are shipped back to your location via Fastenal's Distribution Network.
- 6) Devices will be placed in their designated area of your facility or back into our FAST Solutions® Locker System.

Equipment Used:

Gagemaker – Mic Trac Measurement Center

CDI Torque Products – 2800-1 Multitest Calibration System

Various NIST Traceable Masters – Set Plugs, Gage Blocks, Cylindrical Rings & Plugs, Optical Comparators And Other Misc. Masters

2015 CUSTOMER PRICE GUIDE

CALIBRATION & REPAIR

CALIPERS / LENGTH GAGES

6" or smaller	\$22.00
Over 6 - 12"	\$25.00
Over 12 - 18"	\$35.00
Over 18 - 24"	\$40.00
Over 24 - 48"	\$55.00
Over 48 - 60"	\$70.00

HEIGHT GAGES

18"	\$45.00
24"	\$60.00
36"	\$75.00

MICROMETERS

Outside Micrometers	
• 0 -3"	\$25.00
• Over 3 - 6"	\$30.00
• Over 6 - 9"	\$35.00
• Over 9 - 12"	\$40.00
• Over 12 - 18"	\$50.00
• Over 18 - 24"	\$60.00
• Over 24 - 36"	\$70.00
Micrometer Standards	
• 0 - 12"	\$15.00
• Over 12 - 24"	\$20.00
Interchangeable Anvil Micrometers	
• 0-12"	\$40.00
• Over 12 - 18"	\$50.00
• Over 18 - 24"	\$60.00
• Over 24 - 36"	\$75.00
• Additional Anvils	\$7.50
Blade/Groove/Disc Mic	\$20.00
Indicating Mic	\$25.00
V-Anvil Mic	\$25.00
Inside Micrometer up to 24"	
• Additional Extensions	\$8.00
Depth Micrometer	
• 0-3"	\$35.00
• 0-6"	\$40.00
• 0-12"	\$50.00
Screw Thread Micrometers	
• 0-1" or 1-2"	\$40.00
• 2-3"	\$45.00
• Over 3 - 4"	\$50.00

INDICATORS

Dial	\$25.00
Digital	\$30.00
Test	\$30.00
Kerf Width	\$30.00

MISCELLANEOUS ITEMS

2 Point Bore Gage	\$45.00
3 Point Bore Gage	\$45.00
Dial Thickness Gage	\$40.00
Steel Rule	
• 0 - 12"	\$20.00
• Over 12 - 24"	\$30.00
• Over 24- 48"	\$40.00
1-2-3 Block	\$25.00
Pin Gage	\$1.00
Tape Measure (up to 30')	\$25.00
Radius Gage p/leaf	\$7.50
Feeler Gage p/leaf	\$4.00
Profilometer	\$60.00
Pitch Profile Gage	\$20.00

GO/NO-GO GAGES

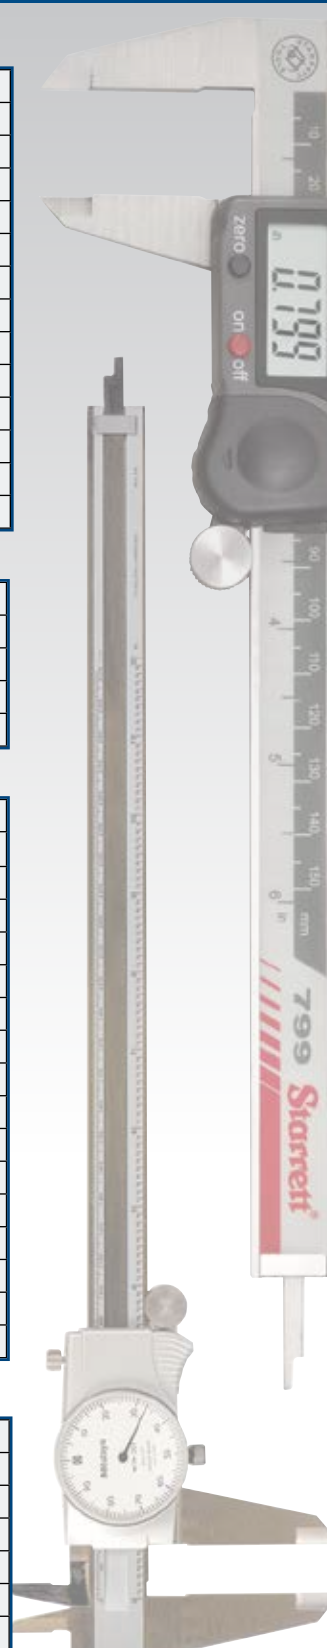

Threaded Rings (each)	\$24.00
Threaded Working Plugs (each)	\$22.00
Threaded Set Plugs (each)	\$22.00
Hex Plugs (each)	\$27.00
Cylindrical Plugs (each) to CLASS X	\$7.50

TORQUE WRENCHES

CW = Clockwise; CCW = Counter Clockwise	
To 250 ft/lbs	
• CW; Cal Only	\$35.00
• CW/CCW; Cal Only	\$60.00
• Preventative Maintenance	\$20.00
To 600 ft/lbs	
• CW; Cal Only	\$60.00
• CW/CCW; Cal Only	\$110.00
• Preventative Maint.	\$40.00
To 1000 ft/lbs	
• CW; Cal Only	\$85.00
• CW/CCW; Cal Only	\$150.00
• Preventative Maint.	\$50.00
To 2000 ft/lbs	
• CW; Cal Only	\$100.00
• CW/CCW; Cal Only	\$180.00
• Preventative Maint.	\$60.00

SPECIAL ITEMS

Rush Calibration (p/gage)	\$50.00
Repair Evaluation Fee	\$25.00
Micrometer Lapping	
• 0-3"	\$55.00
• 4-12"	\$65.00
• Over 12"	\$85.00
• Additional Fee for Digital	\$15.00
