DISCOVER THE “FAST CT” CUTTING TOOL MACHINES!

Just like our FAST 5000SM program, Fastenal provides the machines and keeps them filled, providing an extremely cost-effective solution for you to control cutting tool consumption. Just plug into a 110VAC outlet, connect to the Internet, and you're up and running.

IDEAL FOR PRODUCTION SHOPS, MANUFACTURING CELLS AND SMALL WORK AREAS

- The low cost of the program allows you to install several point-of-use machines, rather than one expensive, centrally located unit
- Runs on the same web software as the FAST 5000 and other FAST Solutions, simplifying the learning curve for current FAST users
- Safely dispenses indexable packages of inserts and round tools
- Capable of dispensing individual tools for greater accountability
- Real-time reporting anywhere, anytime from your browser – on demand or scheduled
- Automated re-ordering backed by local Fastenal store service
- Alerts and alarms
- Flexible access control and limits
- Large visual display screen – FAST 4000 CT machine only

MOUNT OPTIONS:

- Wall mount
- Bench mount
- Column mount
- Free standing pedestal (available with FAST 4000 CT only)
